Found a Dynasty With the Powerful Four Dees Dynasty x!

FOUR DEES DYNASTY x, Lot 1.

FOUR DEES DYNASTY x—Without a doubt this will be the greatest young Polled Shorthorn bull to be sold in 1970. He is the first calf by the great Boa Kae White Tornado x, the best bull of his year at the Canadian International Bull Sale. He is almost a full-brother to the 1970 Canadian International champion. His dam is one of the greatest cows in the country, she by the famous Coronet Max Leader x, and her dam is the great Juno Coronita x that produced TPS Max Coronet 92nd x, 1957 International grand champion bull. This is the breeding that made the Thomas herd in Canada so famous. This is the Leader breeding that has been winning at all the shows the last year. When you see him you will admit that he has all the qualities of the Leader cattle plus the great thickness and bone that the Boa Kae Royal x cattle have. The first calf from his dam was champion female at the 1969 Indiana State Fair and she is now nursing one of the best calves on the farm. 365-day adj. wt. 1,078 pounds, grade 16. Two-thirds interest sells.

Four Dees Bulls Performance Tested

Four Dees cattle are performance tested by the University of Illinois. Their uniformly high weights and grades have made Four Dees Farms leaders in performance testing.

Everyone cries for performance tested bulls. Everyone wants sonoscope readings before he buys. And how often is that information available? You'll have it all June 1 at Four Dees Farms.

Remember that performance information is available not only on the bulls and females selling, but also on their half-sisters and half-brothers and, in many cases, on their sires and dams as well.

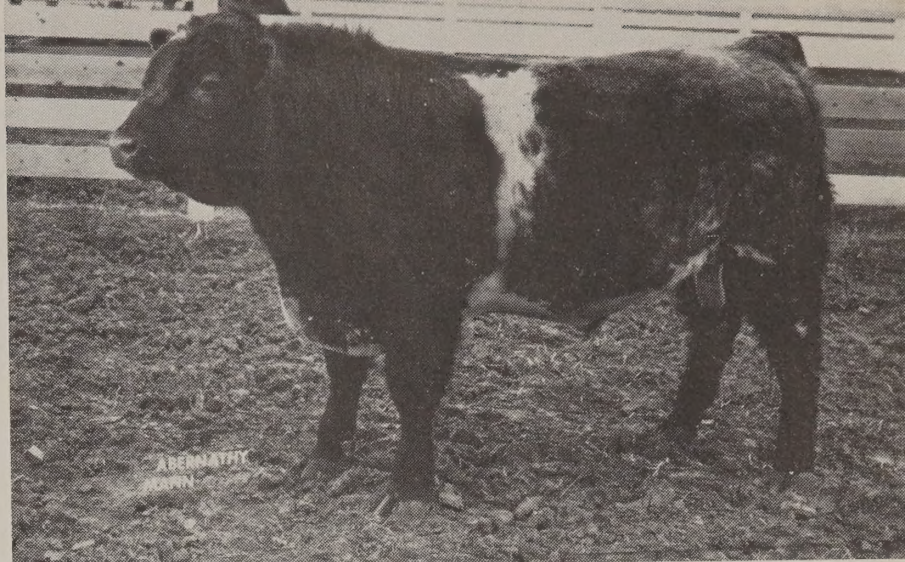

The cattle are at Four Dees Farms. The information has been assembled from every possible source. Study it carefully. It's there for your use in the development of a greater breed.

Carig White Cloud x, Rockyford Silver Welcome, Banchory Orangeman and Lynnwood Ringleader x. The dam of the highest-priced Polled Shorthorn bull sold on the North American continent in 1969 was a Carig Maud. The Sutherland Gipsy Maids have always been in the tops at the Sutherland sales. This is a heifer's first calf, and she could be the buy of the year. 205-day adj. wt. 530, 205-day wt. ratio 112, grade 14.

Boa Kae White Tornado x

He was the best bull of his year at the Canadian International Bull Sale where he was purchased at \$3,500 by Four Dees and Fair Acres. His calves prove that he's a great breeding bull. Four Dees Dynasty x, a son, headlines the sale. Six daughters also sell in the Holiday Sale. Tornado x is almost a full brother to the champion and top of the record 1970 Canadian International.

Four Dees Command 50th x

Called the grand old man of Polled Shorthorns, this powerful stock bull is the sire of 18 females selling. Probably his best son ever offered, Fair Acres Command 50th x, headlines the Holiday Sale. The 50th x is owned jointly with Fair Acres Farms. He is also the sire of Four Dees Good News x, the famous stock bull at Four Dees.

Four Dees Good News x

The "Good News" is obvious when you see calves by this son of Four Dees Command 50th x. Six daughters sell in the Holiday Sale. He is one of the few AAA sires in the country, a former All-American and grand champion of the Illinois State Fair.

Bilmar Gambler Diadem x

This son of the famous Calrossie Diadem has sired many champions including All-American Four Dees Juno D x that headlines the females in the Holiday Sale. He was purchased by Four Dees at a long five-figure price. He has a great show record behind him, having been undefeated at the Illinois, Kentucky and Michigan State Fairs and the American Royal. He was second in class at Chicago and it took the International supreme champion to defeat him.

Four Dees Souvenir x

This massive son of Home Again Governor x is out of a dam by Scotsdale Lexington x. He is highly regarded by Polled Shorthorn breeders everywhere as one of the top bulls of the decade. A magnificent daughter sells in the Holiday Sale. He is owned by Fair Acres Farms.

Riverside Norseman x

This son of Locklanes Fredrick x has the breeding background, quality and size that we are looking for today. He is out of MPS Empress 79 x. He is a new herd sire recently purchased by Four Dees and Black Walnut Farms. Eight females sell bred to this powerful bull. He will mature at more than a ton. This new blood in the Midwest will provide dividends for you.

Welcome to the International Holiday Sale

**MONDAY
JUNE 1
1970**

Each of us at Four Dees has had a great time preparing for the International Holiday Sale. We hope you have as much fun attending as we have had in putting it on.

Actually, the plans for this sale began more than a decade ago and we've been building toward it ever since. The stock bulls have proved themselves and we're gratified by your approval of them. Each year, in addition to adding good replacement females from our own herd, select purchases have been made from the best herds in the United States and Canada.

Even with this strong foundation, we could not hope to hold an annual sale of first rate quality without the support of Miles Mann of Fair Acres and the Deutsche Family of Black Walnut. They have been excellent partners on various stock bulls, and we recommend their cattle as heartily as we do our own.

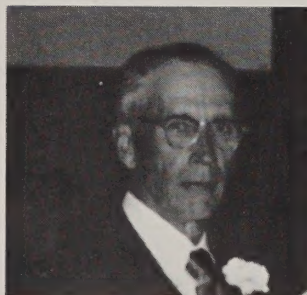

The high quality of the Polled Shorthorns at Four Dees today is a tribute to Roy Rutledge who is a recognized leader in the industry. Both Mrs. Dennis and myself have enjoyed our association with the entire Rutledge family. It was a well-deserved tribute when Roy was named "Builder of the Breed" and Illinois' Polled Shorthorn Breeder of the Year.

We're proud of the cattle selling on June 1. It will be an all-new, exciting sale. Come early and join us for a fun-filled holiday weekend.

Cordially,

Mike

R. I. DENNIS

Miles Mann

Roy Rutledge

LAWN PARTY

The big Sunday evening party will be on the beautiful lawn at Four Dees. Good entertainment, good cattle talk and a tasty buffet dinner are planned for your enjoyment.

Quality Polled Shorthorns

For decades, the Decoration Day weekend has been the time for leading Shorthorn sales. This year the emphasis has shifted and Polled Shorthorns are in the spotlight at Four Dees. Mike Dennis and his guest consignors have done everything possible to make the sale a great one . . . and they want you to have fun at the same time.

Accordingly, not one good female has been held back from the last two calf crops at either Four Dees or Fair Acres. Cattle have been withdrawn right up to presstime if they didn't meet the exceptionally high quality standards these men have set for themselves.

They're out for a great sale and there's no reason they shouldn't have it. Consider bulls like Four Dees Dynasty x or Fair Acres Command 50th x. They're easily two of the best Polled Shorthorn bulls to sell this year. Consider females like the All-American Four Dees Juno D x, Soncie Goods x, or S & S Sweetbriar x. They can go into the best herds in the world and be outstanding among the best.

There's no doubt about it, the cattle are there. Further, Mike Dennis will insure that you have a great time. The holiday atmosphere is no accident. There'll be plenty of good food, entertainment and music to help make this sale the year's best and most enjoyable.

Come early. You'll have a whale of a time.
